

Antoine Apruzzese

Architect - Civil Engineer
PhD in Urban Planning - Architecture

+33 6 86 56 36 99
antoineapruzzese@gmail.com
75 rue Marie-Anne Colombier, 93170 Bagnolet, France
Age : 35

Research Areas

Architecture and Politics ; Contemporary Architectural Discourse and Theory ; Urbanism and Environmental Strategies ; Urban Transformations and Local Economies ; Material and Natural Resources in Architecture

Education

PhD in Urban Planning and Architecture, Université de Normandie - Laboratory ATE (supervised by Prof. C. Maniaque). Defended January 2026

Professional Practice Qualification (*HMONP - Habilitation à la Maîtrise d'Oeuvre en Nom Propre*), ENSA La Villette, Paris, 2017

Master Degree in Civil Engineering and Urban Planning, INSA Lyon, 2015

Master Degree in Architecture, ENSA Lyon, 2013

Professional & Academic Experience

Teaching

- Associate Senior Lecturer (*Maître de Conférence Associé*), ENSA Normandie, 2025-2026
- Teaching Associate, ENSA Normandie, 2021-2025

Architectural Practice

- Practice-research architecture, The Floating University, Berlin, 2022-2026
Experimental and participatory construction workshops, light-weight structures and re-use materials
- Architect, Marc Mimram Architecture, Paris, 2016-2019
Mixed-used projects, competitions, full project lifecycle from design through construction administration
- Architect, Parc Architectes, Paris, 2015-2016
Collective housing, mixed-used projects and competitions

Research & Training

- Visiting Research Intern, Laboratory for Urban Complexity and Sustainability, University of Nottingham, UK, 2015
- Engineering Intern, Sorane SA, Energy Consulting Engineers, Lausanne, Switzerland, 2014
- Junior Architect, Kotaro Horiuchi Architecture, Nagoya, Japan, 2012

Teaching Activities

Research Seminar

- Trans-Form* (Master), 2024 -2026
- History, Theory, Criticism and Mediation of Architecture* (Master), 2022-2024
- "Le texte"* (Doctoral Seminar, co-coordinator) - 2024-2025

Design Studio

- Transformation, from Building to City* (Master), 2022-2023
- Housing and Urbanity : Territory in Transformation* (Master), 2021-2022
- Architectural and Urban Project* (3rd Year), 2021-2022
- Projecting with Local Stakeholders: the Roquebrune-Cap-Martin Station Site* (Master, workshop), 2022

Structure and Technique

- Anatomy of the Building Envelope* (3rd Year, Tutorial), 2025-2026
- Structures - Discovery and Experimentation* (1st Year, Tutorial), 2024-2026
- Structures - Theory and pre-dimensioning* (2nd Year, Tutorial), 2024-2026

Environmental Comfort & Ambiance

- Phenomenas as Sources of Ambiance* (1st Year, Tutorial), 2024-2026
- Theory and Mastering of Ambiance* (2nd Year, Tutorial), 2023-2026
- Building Physics - Architecture and the Art of Building* (1st Year, Lecture & Tutorial), 2022-2023
